Desidered employment

Computer Vision/software engineer

Working on the Master and Bachelor thesis projects, I gained a good experience in computer vision, in particular in image and point cloud processing. In these years I developed a passion for programming and software design, mainly oriented to bioengineering. Moreover I have a great interest in technology, above all when applied for improving the life of human beings. My main and favorite programming language is the C++ but I have also familiarity with Java and Matlab. In some academic work opportunities I have been able to demonstrate good teamwork skills and capability to collaborate with other people. Another characteristic I have is that I am not scared of working a lot if the goal is to improve my results and reach my goals.

Skills

Informatics

Languages	Good knowledge: C, C++, VB, Latex. Intermediate knowledge: Java, JSP, Matlab. Basic knowledge: NI LabView, SQL, HTML.
Platforms	Linux, Windows.
Tools	VS2010-12, Clion IDE, Eclipse J2EE, Oracle DB, Apache Tomcat, CVS, OpenCV, PCL, g2o, YARP, CGAL, Git, Office suite, Matlab, NI LabView, CMake.

Engineering

Topics	Good knowledge: computer vision, machine learning, chemistry and biochemistry. Intermediate knowledge: software design, web application development, graph optimization, bundle adjustment, rehab engineering, biomedical instrumentation, human computer interface, neuroengineering, signal processing and physiology. Basic knowledge: Electrotechnology, bioinformatics, mathematics, physics, tissue engineering, drug discovery.
--------	---

Experience

Work

from 02/2016 to 09/2016 **Support Technician @ iCub Facility**, *Istituto Italiano di Tecnologia*, Genova, Italy.
I had the honor to join the European project Koroibot(<http://orb.iwr.uni-heidelberg.de/koroibot/>) whose main objective is improving humanoid robots walking capabilities. I worked on the humanoid iCub, in particular I dealt with the design of the C++ module that gives the 3D map of the scene using the images acquired from the eyes(cameras). In these months I improved my abilities in software design, and my knowledge in Computer Vision.

Academic

from 04/2015 to 10/2015 **Internship @ iCub Facility**, *Istituto Italiano di Tecnologia*, Genova, Italy.
In IIT I had a good experience of working in a multi-disciplinary and international team. In particular I worked on my Master thesis project supervised by Prof. Lorenzo Natale and Prof. Fabio Solari. My goal was to build a system able to classify the scene based on the traversability of each region. This kind of analysis was conducted on the 3D data acquired by the structured light depth sensor ASUS Xtion Pro Live. The 3D data processing has been made using PCL(Point Cloud Library) programming in C++ in Linux environment.

from 03/2013 to 10/2013 **Internship @ PSPC lab**, *Università degli studi di Genova*, Genova, Italy.
I have worked in the PSPC lab under the supervision of Prof. Fabio Solari for my bachelor thesis project. This project consisted on creating a *gaze-tracker* C++ program, using OpenCV and a regular web camera.

Education

from 11/2015 to 01/2016 **Java Programming Course**, *Azienda Sicura srl*, Milano, Italy.
I participated to the Java Programming Course funded by Formatemp(<http://www.formatemp.it/it/>). During this course I learnt how to build java and web applications. I experienced in using some tools as Eclipse J2EE, Apache Tomcat and Oracle DB.

from 10/2013 to 10/2015 **Master Degree in Bioengineering**, *Università degli studi di Genova*, Genova, Italy.
Curriculum Neuroengineering and Bio-ICT, 110/110 cum laude.

from 09/2010 to 10/2013 **Bachelor Degree in Biomedical Engineering**, *Università degli studi di Genova*, Genova, Italy.
108/110.

from 2006 to 2010 **Diploma Liceo Scientifico**, *Liceo scientifico A.Issel*, Finale Ligure, Italy.
100/100 cum laude.

Languages

Self-assessment European level CEFR (C2 maximum evaluation)

		Understanding		Speaking	Writing	
		Listening	Reading	Interaction	Production	
Italian	Mother tongue	C2	C2	C2	C2	C2
English	Intermediate	B2	B2	B2	B2	B2
French	Basic	B1	B1	B1	B1	B1

Certificates

from 05/2013 to 05/2015 **CLAD - NI Certified LabVIEW Associate Developer**, *National Instruments*, Licenza 100-313-2906.

05/2007 **Preliminary English Test(PET)**, *University of Cambridge*, Licenza 100/2031/7.

05/2008 **B1 DELF - Diplôme D'Études En Langue Française**.
I love any sport but I prefer soccer. I enjoy reading fantasy and sci-fi literature books. I love tv series and movies of every type.
